NOMINATION FOR BOARD OF DIRECTORS

The Board of Directors of Ortho-Bionomy Australia (OBA) Ltd consists of a minimum of 5 and maximum of 7 members. At our Annual General Meeting each year some of the director positions become vacant and new directors may be elected or previous directors re-elected to fill the vacancies.

This year, 3 positions are vacant. If more than 3 members nominate, an election will take place, with the new directors appointed at our **AGM on Sunday 6th October, 2019 at 5.30 pm.**

Board meetings are conducted monthly via a web meeting platform (online) and followed up by emailed copies of minutes. Communication amongst board members between meetings is conducted by email and phone. Board members must have access to these technological tools (including a reliable internet connection) and be comfortable using email, internet and simple online document sharing platforms.

Standard board terms are 3 years, though it is understood that it may occasionally be necessary for a member to resign their position earlier if unusual circumstances arise.

If you are keen to participate in the work of the OBA Board of Directors and can commit some time and skills to it, we encourage you to nominate for a position by providing the information requested over the page.

Copy and paste the questions into an email, include your answers and email it to us at oba@ortho-bionomy.org.au **OR** complete the form and post to the above address.

Please remember that you must be a current financial member to be eligible to nominate for the position of director.

Please provide the following information:
